

Finials and Crestings

product overview

Buyers now have an even wider choice when it comes to customising the exterior of their conservatories thanks to the new cresting and finial design that joins the existing family of options.

A choice of four different finials and five crestings allows you or your homeowner to personalise their conservatory.

Whichever style of cresting and finial combination chosen, rest assured the Ultraframe roof will be stylish and weatherproof.

PIKESTAFF FINIAL, RENAISSANCE CRESTING

LOW PROFILE RIDGE

BAROQUE CRESTING

CLASSIC FINIAL,
CLASSIC CRESTING

SCEPTRE FINIAL,
ELIZABETHAN CRESTING

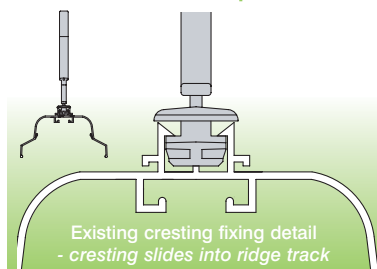

CORONET FINIAL,
TUDOR CRESTING

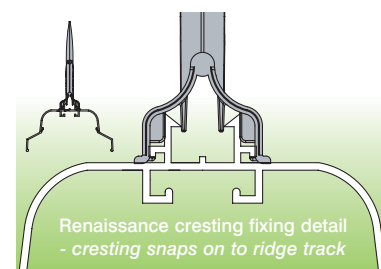

features and benefits of the new Pikestaff finial and Renaissance cresting

- **EASY RUN** - A streamlined body shape to help rainwater run off
- **EASY FITTING** - The cresting simply snaps over the existing track on the extruded ridge body, making it easier to fit.
- **EASY CLEAN** - PVC which stays clean longer and makes cleaning easier.

technical specification

Existing cresting fixing detail
- cresting slides into ridge track

Renaissance cresting fixing detail
- cresting snaps on to ridge track

pricing

Whichever of the options you choose, they are included in the roof price
